## “Of the Earth”

Dear friends,

I cannot believe we are about to begin Lent – it seems like we have hardly finished Christmas! But this is precisely what Lent is meant to do – after the celebration and chaos of birth and Christmas, Lent invites us to breathe, to slow down, to set aside time for a deeper integration of the sacred. Busy times are fine, we get a lot done, but they don't leave us much time to really ponder, to think, to allow meaning to take root. This is the gift of lent.

Lent is a 40 day period from Ash Wednesday to Easter. On Ash Wednesday, Christians around the world come to church to receive the placing of an ash cross on their foreheads. This is a reminder we live our faith journey in a mortal body, it is a reminder we are “of the earth”, earth creatures, it is a reminder this body will not and does not last forever. Ash Wednesday invites us to remember we are “passing through” and what will be the legacy we leave behind – what will be the results of our passing through this world? From Ash Wednesday until Holy Week we set aside as Christians these 40 days to “slow down” and reflect on our lives and our faith. Some people do this through spending less time cooking and eating (fasting), some do this through consciously setting aside time to pray for longer periods of time that normal (prayer), some do this through abstaining from some part of normal life to create more time to reflect (abstinence) – this could be abstaining from TV or anything you wish to “give up” for 40 days to create that space to really reflect on your life and your faith. How will you as a Christian be marking lent this year? I encourage each of us to decide how we wish to shape this lent for ourselves. Perhaps you will be able to make time on a Wednesday evening to come to bible study, or Thursday evenings to

share our daily Lenten readings and pray together in evening prayer? Perhaps you will make time to visit someone who is alone? Perhaps you will set aside some TV time each day to pray for our world? How we shape our lent is a unique response to the calling of God in each of our lives. There is no one way of marking lent – but many.

Let us use this lent, this next month and a half to let go of what is not life giving, to us, our communities, our families, the earth – and instead to embrace a more healthier, whole way of being that reflects the sacredness of our lives. Try to see if this lent we can slow down.....for it we cannot – that's the problem!

With love always  
Revd Debs

**Vision Planning Update**

By Linda Ketchum-Pompili

Our 2022 budget shows Trinity expects yearly income (approx. \$166K) to fall short of yearly expenses (approx. \$215K) by nearly \$50K. To move toward a sustainable future, the Vestry has started a Vision Planning process, led by Linda Ketchum-Pompili.

A weekend "retreat" for the Vestry will be held on March 18-19 to gather for prayer, scripture reading, information sharing, and brainstorm sessions. The goal is to start clarifying some answers to these questions: Where are we now? How did we get here? Where do we go next? How do we get there? The Vision Planning process will be an ongoing, long-term project. "A marathon, not a sprint." We will also seek input from the congregation after the Vestry retreat. Please feel free to contact Linda any time if you have questions, or if you want to share your thoughts and ideas, about Vision Planning at Trinity. Email: Linda.Aug22@outlook.com — cell: 585-434-8649 — landline: 585-225-4232 — address: 10 Summer Lane, Rochester, NY 14626.

## Outreach.....

**“Rector’s Discretionary Account”** Make a difference in one of our own parishioner’s lives, donate an offering and please designate on the memo line “Rector Discretionary”.

**Greece Food Shelf:** If any member would like to donate you may drop them off at Trinity during Sunday’s Services or during Lisa’s office hours or Bob Romanet has graciously volunteered to pick up any items from your home for either the Greece Food Shelf or the Blessing Pantry. Thank you!

**Blessing Pantry:** Pantry stocking needs to change as the temperature drops (no canned goods). The pantry is often empty soon after it is stocked indicating a continued need in our community. Hygiene items are often needed and are a great donation option as they are not temperature sensitive. The dollar store is a more affordable way to purchase items for donation.

**The Team at St. Pauly Textile, Inc.:** We're happy to report 2021 was a record year. Over 40 million pounds of clothing were donated to our clothing sheds - that's over 200,000 pounds of clothing collected every business day! Every clothing shed is an important part of the big picture. Here are some numbers to show you the impact the Greece Habitat shed made in 2021...

- \* 76,445 pounds of clothing were donated to the Greece Habitat shed in 2021
- \* This was enough to cloth an estimated 14,082 people all over the world
- \* Based on this volume of clothing, your organization received \$3,058

Thank you so much for partnering with us on this. We Truly appreciate all the support Greece Habitat continues to give to the clothing shed program!

**"May you have all the happiness and luck that life can hold—and at the end of your rainbows ay you find a pot of gold." - Old Irish Blessing**

## Outreach Leadership Summary

February 2022

**Love Must Act** - Anna Walsh is working to coordinate a STEM (Science, Technology, Engineering, and Mathematics) summer camp for our Holy Cross Sister School in South Africa.

**Habitat for Humanity** – St. Pauly Textile shared that 2021 was a record year for clothing shed donations. The Greece Habitat shed (located in the parking lot at Greece United Methodist Church on Maiden Lane) made a significant impact in 2021: 76,445 pounds of clothing were donated to the Greece Habitat shed in 2021. This was enough to clothe an estimated 14,082 people all over the world. Based on this volume of clothing, the Greece Coalition received \$3,058 to support the Greece Coalition Habitat for Humanity house builds. **When you go through your closet, please consider donating your used clothing to the Greece Habitat St. Pauly Shed.**

**Rural & Migrant Ministry (RMM)** - The last day of RMM Summer Camp at Liturgia in Lyons consists of the kids sharing their work and doing presentations, along with sharing a meal. It is a fun and positive experience for the kids and those watching. It also is a great opportunity to see the impact RMM has on the kids and their families. Trinity is hoping to get involved to help supply food for that event and invite those interested, along with key stakeholders, to join us as a way to provide some first-hand experience with the kids and their farmworker families.

**Ministry Focus for Lent** - Lent starts 3/2. Focus ministry for that time will be on detainees released from the Batavia Detention Center. We plan to solicit donations to the Humanitarian Fund in anticipation of an ongoing need for Dignity Bags (backpacks) for those released. Trinity has generously supported these efforts for the last two (2) years. 12 more dignity bags were created and donated in February 2022 out of the remaining funds collected towards this effort in 2021. Stay tuned for more information about a trip to the detention cen-

ter, to personalize our understanding of the experience of the detainees (potentially in May).

## Humanitarian Fund

By Rev. Debs

This lent we will be officially launching our humanitarian fund. The greatest commandment we are told is two fold - to love God with everything we have and are, and to love our neighbors as we love ourselves. Love is not just a feeling. I love myself by eating, by having a home, by having work that gives meaning, and by creating times to laugh and play. Love is concrete actions of enabling myself to create a life of meaning and beauty. To love my neighbor is to help make sure in practical ways they too can build a life of meaning and beauty.

So a humanitarian fund is a deeply spiritual fund to aid the greatest commandment in our part of the world. To find ways to practically love our neighbor into a fullness of life.

This lent, whatever you chose to give up, please re direct that money towards donating to our humanitarian fund.

Everything we collect this lent will be sent to "Los Samaritanos" to help people being released from the Batavia detention center be clothed, and enabled to return to their families.

Please make checks payable to Trinity Episcopal church and in the memo line write Humanitarian fund. Or simply place cash in an envelope marked Humanitarian fund and place in the offertory plate.

May God bless you as you bless others!!!!

## Sunday School

## Building and Grounds

By John Montstream

Peter and Phil are looking into the condition of and the operation of the rheostats for the ceiling lights in the Nave along with determining why 5 side lights on the east side of the Nave are not lighting. This project has dropped to a low priority.

Two heater switches for west side gutters of daycare had either not been turned on for the winter, or had mistakenly been turned off. This resulted in a large ice build up in the gutter which lifted the edge of the roof letting water in. The result was a ceiling leak very near the closet with many of our utility meters. We have not replaced the ruined ceiling tile as we hope to dry the insulation before we have to install a new tile. The ice also froze in the downspouts which gave us a large icicle encompassing the downspouts. Phil H. managed to open the downspouts enough to let some water through. And bought a bag of magnesium salt which he sprinkled in the gutters at each downspout, along with some socks filled with the salt to discourage ice dams. **Thank you Phil.**

Roof gutters and drains were cleaned of debris before "real" winter arrived. The west side gutter of daycare did not get cleaned and was loaded with pine needles and cones. The triangle shaped screens made of plastic which keep debris from getting into the downspouts worked too well as the needles in the screens kept the water from flowing properly. We should consider taking the pine tree down to solve this problem. Currently we don't

have the personnel to do all the necessary gutter and roof drain cleaning and to do it well.

February 17<sup>th</sup> at 7 p.m. on my way to play ping pong at Church it was raining. It had been raining for most of the day and I noticed rain water running down the west ramp to the basement. Made a mental note to check the drain at bottom of the ramp and also the west wall of the old teen room where water was seen during the rummage sale. Upon checking, there was no water along the west wall but heard water running into the new sump from the French drain. There was water flowing under the outside door to the west ramp. Fortunately it was all going into the French drain. I slowly opened the door and the flow increased but the drain caught it all. Bob R. and Jeff R. put their paddles down and lifted the outside grate to see if the screen was plugged with leaves. It was clear. The blockage was in the line. As all was working we could leave clearing the line to a later date. Thank you Bob and Jeff. The following Tuesday Peter M. cleared the drain blockage which, fortunately was near the ramp drain. Thank you Peter.

The French drain project is still not completely resolved. A steel plate over the drain may be a better solution than a “fill board” for the French drain to provide an almost flush surface with the existing floor. Some finishing work is still needed so water cannot bypass the drain. A water driven sump pump is still planned to be installed as a backup pump.

## Trinity has a New Custodian
